GET STARTED WITH YOUR ARCHERY ADVENTURE

Wildcrete 3D Targets was established 12 years ago and has been proudly serving the global market for the past 8 years. As a proudly South African company, we take pride in our precision and craftsmanship, which are reflected in every product we produce.

We specialize in manufacturing high-quality, three-dimensional archery targets that cater to a wide variety of needs. Our targets are designed with self-healing properties, ensuring longevity and durability. Each target is hand-painted individually, adding a personal touch to every piece.

Whether you're looking to improve balance, coordination, or accuracy, Wildcrete's realistic 3D targets provide an exceptional training experience, designed to elevate your skills.

With a growing international presence, we are proud to offer the most realistic and durable 3D targets available worldwide.
